Re: Petition Opposing Rezoning Request for 10319 Cogdill Rd, Knoxville, TN

Dear Ms. Cole:

On behalf of the parishioners of the New Covenant Baptist Church, I have been made aware that the above mentioned company has purchased property near our property and has requested a zoning change from Residential/Commercial Business to Heavy Industrial. We strongly feel a zoning change of this magnitude will have a negative impact on our church's worship services and other activities that take place at the church, as well as cause the value of our property to depreciate.

I, along with the Church's Building Over-site team understand that the Metropolitan Planning Commission (MPC) has rescheduled a meeting to take place on July 14 to hear further discussions regarding this matter. We, the members of New Covenant Baptist Church, would like to be able to address our opposition to the proposed plans on that date.

If you would like to further discuss this matter please give me a call at 865.671.3370, ext. 100.

Sincerely,

A handwritten signature in black ink, appearing to read "Fredrick E. Brabson, Sr.".

Fredrick E. Brabson, Sr.

PETITION OPPOSING REZONING REQUEST FOR 10319 COGDILL ROAD

The undersigned members of New Covenant Baptist Church oppose the request by PSC Metals, Inc., to rezone the property located at 10319 Cogdill Road from light industrial to heavy industrial (MPC file numbers 6-A-11-SP and 6-B-11-RZ). The property is directly across the street from the church and rezoning for the heavy industrial use of metal recycling will severely damage the use of the church property by causing excessive amounts of noise, noxious fumes, unsightly raw material and equipment, and heavy industrial traffic.

PETITION OPPOSING REZONING REQUEST FOR 10319 COGDILL ROAD

The undersigned members of New Covenant Baptist Church oppose the request by PSC Metals, Inc., to rezone the property located at 10319 Cogdill Road from light industrial to heavy industrial (MPC file numbers 6-A-11-SP and 6-B-11-RZ). The property is directly across the street from the church and rezoning for the heavy industrial use of metal recycling will severely damage the use of the church property by causing excessive amounts of noise, noxious fumes, unsightly raw material and equipment, and heavy industrial traffic.
