We agree with the staff recommendation. We think any more commercial would not be to the benefit of the residents. This also could lead to more commercial which we do not want. We do not believe our roads are equipped for more traffic and there is children in the neighborhood. This strip of land lies between 2 residents of which one is ours. We do not want this 50 feet from our back door. Strangers on this property worries us. Mr Walker already using it to dump piles of rock, piles of dirt, scrape metal, old fences and a Hugh burn pile. He sets his fires and left them. This is also a great concern to us. I don't think any of you would want this in your back door. It's no fun trying to enjoy your Saturday on the deck and have to smell whatever he's burning or hear his bobcat running .Thanks for listening to our voice. Tony and Kim Ingram
