It has come to my attention that the PTA moms are going crazy over the proposed high density residential rezoning at the Norhtshore Town Center. On behalf of all of the business owners (and the lowest grossing Target in the Southeast) I must say, that it is imperative that the community growth is expedited by the rezoning. The development desperately needs a project like this to help build the existing businesses and drive people to the area.

Thank you,

Katy Richardson
Owner, Neighborhood Barre
