ZONING:
RN-3 (General Residential Neighborhood) / HP (Hillside Protection Overlay)
EXISTING LAND USE:
Vacant
PROPOSED USE:
43 attached residential dwelling units
HISTORY OF ZONING:
As of January 2020, the zoning changed from RP-1 < 5 du/ac to RN-3/HP.
SURROUNDING LAND USE AND ZONING:
North: Attached houses / RN-3 (General Residential Neighborhood)/PD
       (Planned Development)
South: Vacant land, Church / RN-1 (Single Family Residential Neighborhood)
East: Attached houses / RN-3 (General Residential Neighborhood)/PD
     (Planned Development)
West: Attached houses / RN-3 (General Residential Neighborhood)/HP
      (Hillside Protection)/PD (Planned Development)
NEIGHBORHOOD CONTEXT:
This area is developed with detached and attached houses, independent living, and church uses under RN-1, RN-2 and RN-3 zoning.

STAFF RECOMMENDATION:
POSTPONE the request until the April 9, 2020 meeting as requested by the applicant.
The applicant is requesting postponement to allow additional time to address comments from staff.

COMMENTS:
This proposal is for 43 attached dwelling units in the RN-3 zone which requires Special Use approval by the Planning Commission. The access to the site will be from Middlebrook Pike, directly across from the Broome Road intersection. The 5.83 acre property has 2.21 acres within the HP (Hillside Protection) overlay. Based on the slope classifications within the HP overlay, only 1.21 acres of the HP overlay can be disturbed. If the applicant proposes additional disturbance within the HP overlay, it must be approved by the Planning Commission as part of this application. The maximum number of dwelling units allowed is 61 based on the HP overlay standards, which is reduced from 83 units assuming the HP overlay was not on the site.

ESTIMATED TRAFFIC IMPACT: 447 (average daily vehicle trips)

Average Daily Vehicle Trips are computed using national average trip rates reported in the latest edition of "Trip Generation," published by the Institute of Transportation Engineers. Average Daily Vehicle Trips represent the total number of trips that a particular land use can be expected to generate during a 24-hour day (Monday through Friday), with a “trip” counted each time a vehicle enters or exits a proposed development.

ESTIMATED STUDENT YIELD: 3 (public school children, grades K-12)

Schools affected by this proposal: West Hills Elementary, Bearden Middle, and Bearden High.

- Potential new school population is estimated using locally-derived data on public school student yield generated by new housing.
- Students are assigned to schools based on current attendance zones as determined by Knox County Schools. Students may request transfers to different zones, and zone boundaries are subject to change.
- Estimates presume full build-out of the proposed development. Build-out is subject to market forces, and timing varies widely from proposal to proposal.
- Student yields from new development do not reflect a net addition of children in schools. Additions occur incrementally over the build-out period. New students may replace current population that ages through the system or moves from the attendance zone.

The Planning Commission’s approval or denial of this request is final, unless the action is appealed to the Knoxville City Council. The date of the Knoxville City Council hearing will depend on when the appeal application is filed. Appellants have 15 days to appeal a Planning Commission decision in the City.

Mike Reynolds
Knoxville Knox County Planning

Dear Mr. Reynolds:

We request the following at the March 12, 2020 Knoxville Knox County Planning Commission meeting:

Postpone consideration of the use on review for Murphy Development on Middlebrook Pike (3-H-20-SU) until the April 9, 2020 meeting.

A check for $50 has been delivered for the fee.

Please call if you have any questions.

Sincerely,

David Harbin

REQUIRED SIGN POSTING AGREEMENT
For all rezoning, plan amendment, concept plan, use on review, right-of-way closure, and street name change applications, a sign must be posted on the subject property, consistent with the adopted Administrative Rules and Procedures.

At the time of application, staff will provide a sign(s) to post on the property as part of the application process. If the sign(s) go missing for any reason and need to be replaced, then the applicant will be responsible for picking up a new sign(s) from the Planning offices. The applicant will be charged a fee of $10 for each replacement sign.

LOCATION AND VISIBILITY
The sign must be posted in a location that is clearly visible from vehicles traveling in either direction on the nearest adjacent/frontage street. If the property has more than one street frontage, then the sign should be placed along the street that carries more traffic. Planning staff may recommend a preferred location for the sign to be posted at the time of application.

TIMING
The sign(s) must be posted 15 days before the scheduled Planning Commission public hearing and must remain in place until the day after the meeting. In the case of a postponement, the sign can either remain in place or be removed and reposted 15 days before the next Planning Commission meeting.

I hereby agree to post and remove the sign(s) provided on the subject property consistent with the above guidelines and between the dates of:

2/26/20 and 3/13/20
(15 days before the Planning Commission meeting) (the day after the Planning Commission meeting)
