FILE #: 3-I-20-RZ

APPLICANT: SCOTT DAVIS / MESANA INVESTMENTS, LLC
OWNER(S): Jeffrey & Sandra Sexton

TAX ID NUMBER: 133 031.01 & 031.02
JURISDICTION: County Commission District 5
STREET ADDRESS: 861 S. Gallaher View Rd. and 0 Westland Dr.
LOCATION: West side of S. Gallaher View Rd., north of Westland Dr.
APPX. SIZE OF TRACT: 6.5 acres total
SECTOR PLAN: Southwest County
GROWTH POLICY PLAN: Planned Growth Area
ACCESSIBILITY: S. Gallaher View Road is a major collector with a road width of 16.3 feet and a right-of-way width of 60 feet.
UTILITIES: Water Source: First Knox Utility District
Sewer Source: First Knox Utility District is in the area
WATERSHED: Ten Mile Creek

PRESENT ZONING: A (Agricultural)
ZONING REQUESTED: PR (Planned Residential)
EXISTING LAND USE: Rural residential and agricultural/forestry/vacant; single family detached house on property

DENSITY PROPOSED: 5 du/ac
EXTENSION OF ZONE: PR zoning is adjacent to the west, but the density is up to 4 du/ac
HISTORY OF ZONING: None noted for this property
SURROUNDING LAND USE AND ZONING:
North: Rural residential - A (Agricultural)
South: Transportation/communications/utilities - PR (Planned Residential)
East: Office - A (Agricultural)
West: Single family residential - PR (Planned Residential)

NEIGHBORHOOD CONTEXT: This parcel is one of the last to be subdivided and redeveloped. The area in general is built out with detached single family homes on small lots averaging 1/4 acre in size, though National Gas Distributors owns the parcel across the street to the east and KUB owns the parcel across the railroad right-of-way to the south housing a transformer.

STAFF RECOMMENDATION:

Approve PR (Planned Residential) zoning with up to 5 du/ac because it is consistent with the sector plan’s Low Density Residential designation and with the surrounding development.

COMMENTS:

REZONING REQUIREMENTS FROM ZONING ORDINANCES (must meet all of these):
THE PROPOSED AMENDMENT SHALL BE NECESSARY BECAUSE OF SUBSTANTIALLY CHANGED OR CHANGING CONDITIONS IN THE AREA AND DISTRICTS AFFECTED, OR IN THE CITY/COUNTY GENERALLY:
1. There is an increased need for small-scale housing. The proposed development would help to meet this need.

THE PROPOSED AMENDMENT SHALL BE CONSISTENT WITH THE INTENT AND PURPOSE OF THE APPLICABLE ZONING ORDINANCE:
1. The proposed amendment to PR zoning is intended to provide optional methods of land development which encourage more imaginative solutions to environmental design problems. Residential areas thus established would be characterized by a unified building and site development program, open space for recreation and provision for commercial, religious, educational, and cultural facilities which are integrated with the total project by unified architectural and open space treatment.
2. Each planned unit development shall be compatible with the surrounding or adjacent zones. Such compatibility shall be determined by the planning commission by review of the development plans.
3. The area has contained residential developments with half-acre lots in the near vicinity since the late 1990s.

THE PROPOSED AMENDMENT SHALL NOT ADVERSELY AFFECT ANY OTHER PART OF THE COUNTY, NOR SHALL ANY DIRECT OR INDIRECT ADVERSE EFFECTS RESULT FROM SUCH AMENDMENT.
1. If rezoned with the maximum density allowed, the development could hold up to 32 dwelling units, which would generate approximately 364 trips per day and would not generate a need for a traffic impact analysis.

THE PROPOSED AMENDMENT SHALL BE CONSISTENT WITH AND NOT IN CONFLICT WITH THE GENERAL PLAN OF KNOXVILLE AND KNOX COUNTY, INCLUDING ANY OF ITS ELEMENTS, MAJOR ROAD PLAN, LAND USE PLAN, COMMUNITY FACILITIES PLAN, AND OTHERS:
1. The Southwest County Sector Plan’s LDR (Low Density Residential) designation supports PR zoning with up to 5 du/ac in the Planned Growth Area of Knox County.
2. PR zoning is adjacent to the west and is nearby to the north, east, and south.
3. The property is located in FEMA Flood Zone X, but it is not located in a floodway or a floodplain.

ESTIMATED TRAFFIC IMPACT: Not required.

ESTIMATED STUDENT YIELD: 13 (public school children, grades K-12)

Schools affected by this proposal: West Hills Elementary, Bearden Middle, and Bearden High.

• Potential new school population is estimated using locally-derived data on public school student yield generated by new housing.
• Students are assigned to schools based on current attendance zones as determined by Knox County Schools. Students may request transfers to different zones, and zone boundaries are subject to change.
• Estimates presume full build-out of the proposed development. Build-out is subject to market forces, and timing varies widely from proposal to proposal.
• Student yields from new development do not reflect a net addition of children in schools. Additions occur incrementally over the build-out period. New students may replace current population that ages through the system or moves from the attendance zone.

If approved, this item will be forwarded to Knox County Commission for action on 4/27/2020. If denied, Knoxville-Knox County Planning Commission’s action is final, unless the action to deny is appealed to Knox County Commission. The date of the appeal hearing will depend on when the appeal application is filed. Appellants have 30 days to appeal a Planning Commission decision in the County.
